## Description

Akyga® AK-ND-74 power adapter is a reliable power source dedicated to Lenovo IdeaPad laptops. It is characterized by slim design and lightweight. You can easily pack it to your travel bag, without significantly increasing its weight. What's more, the power adapter is equipped with a convenient 4.0 x 1.7 mm angled connector. This makes it easy to lead the 1.2 m cable to a hole in your tabletop. Thus, keeping your desk tidy will be much easier. The power supply has been designed to deliver a voltage and current of 20 V and 3.25 A to the charged device. Delivering 65 W of power.

Like every Akyga® laptop power supply, this one also has a number of necessary protectors. Among them there are protections such as: OVP, OCP, OPP, OTP, SCP, which will guarantee secure not only the power supply, but also the charged device from damage.

## Features

Product codeAK-ND-74

Product typeAC/DC adapter

Compatible withLenovo / IBM
