

Bigme Inknote Color - Colored E-ink Tablet and E-reader (600 EUR)

Locatie **Noord-Holland, Diemen**
<https://www.advertentieX.nl/x-1701266-z>

Original front cover with minor use marks. Device itself is in very good condition, no scratches, screen is perfect. Cameras also work perfectly.

Nine months of very light use, only to take notes every now and then. It still has the original tip (though that one should be replaced) and all other tips that came with it.

I'm selling it because I'm upgrading due to professional reasons.
 See detailed description below and link to the Kickstarter campaign. Bigme inkNote Color, the world's first 10.3" true color E-ink tablet with an 8MP rear camera and 5MP front camera. Equipped with E-ink Kaleido plus screen, inkNote Color offers 226 PPI for B&W and 117 PPI for color content that presents a vivid paper-like and eye-friendly display for reading, writing, and sketching. 4000 mAh battery, laser pointer pen with 4096-level pressure sensor.
