I only used this latest model kindle for 5 months, it is brand new. I am also selling the sleepcover, it has Starry Night print by Van Gogh.

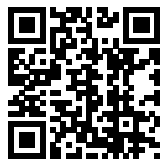

Model: Kindle Paperwhite 16 GB 6.8" display and adjustable warm light
 Purpose-built for reading: with a flush-front design and 300 ppi glare-free display that reads like real paper, even in bright sunlight.
 Easy on the eyes: with adjustable warm light to change screen shade from white to amber.

(There are small scratches on the kindle screen but they are not noticeable and DO NOT affect the reading.)
