Het was van mijn zoon, wel uit de verpakking gehad maar nooit echt iets mee gedaan, is dus nog nieuw!

Introducing the MatchX NEO: Your Urban Network Powerhouse

Access the full potential of urban connectivity with NEO, the secure IoT rig designed for everyone. With low power usage and silent operations, NEO enables a powerful, encrypted data network for both home and institutional usage.

Harness the built-in MXProtocol by MXC Foundation, connecting nearby devices and certifying the authenticity of physical and digital goods with the low-scale certification (LSC) technology.

Deploy your own urban IoT network with NEO, while maximizing network data, seamless connectivity, and fully encrypted security.
