

zeilboot GibSea 126, 44ft (45.000 EUR)

Locatie **Noord-Brabant, Willemstad**
<https://www.advertentieX.nl/x-1710101-z>

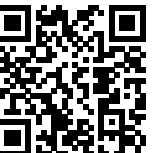

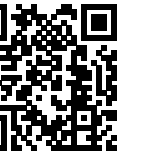

Gibsea 126
 44 ft
 Year built: 1985
 Dutch flag and imported into Bonaire
 Location: Curaçao

Our Pegasus is looking for a new owner. We had a lot of fun with her over the last 12 years. But now it's time to hand her over to other sailors. More than 7 years ago we left the Netherlands to sail the world's oceans (and we still do). The Pegasus is currently in the Caribbean, at Curaçao. The ideal place to start a sailing adventure. This way you also avoid attacks of orca's in Spain and Portugal !

The Pegasus is a very decent lady, although she is from 1985. She has sailed all oceans and you can therefore speak of a wide experience. A true live aboard boat and equipped with all kinds of extra things. The standing rigging is more than standard.

What she needs is a new owner who appreciates the solidity and who gives her some TLC (Tender Love and Care).

Lenght 44 ft
 Width 13 ft
 Draft 6 ft
