The car is in very good condition, I'm the first owner in Netherlands. Every year regular service changes before 20000km oil, filters, all the liquids etc.

There's a lot of new parts in suspension. New brakes in the back and the brake discs, lager. New rear window wiper mechanism.

The car is really good look after and was treated with a lot of care??

Auto comes with 4x RS4 rims 255/19/35, brand new tires in the front and 4 months old rear ones.

There is few extras...APK till may 2024

If your interested message or call available every day from 9.00am tot 14:00
