Hello! I need some help on obtaining a registration code for a Russian program called 'SDrive' for Psion Series 5/5mx/5mx Pro that is out of business since ±2006. The strange thing is that there is a website that still hosts the application with a registration code generator for Russian people. Can someone help me on this? In the screenshots, my IMEI-number is the one to use: 1000118AE5C229D3 Start both with www dot, followed by: mypsion.ru/sdrive-reg.php and mypsion.ru/software.php?aid=1704 for info about the.
