Hi Guys,

Selling my iphone 14 pro max 128gb because I just received my iphone 15 pro max, and i already have an iphone 14 pro, so need for 3 phones hahaha.

This iphone is in perfect physical condition and has always had a screen protector on the front of the phone since i purchased it in February 2023. The Battery capacity level is 88% which is regarded as great.

I can't find the box, but I do have a charger for it.

thank
