Locatie **Noord-Holland, Amstelveen**

A powerful electronic cargo bike. Purchased three years ago at €7500, and still works perfectly well. Strong motor and battery, with a new control panel and new back tire (changed this year). INCLUDED: INTEGRATED LIGHTS, PUNCTURE FREE TIRES, STEERING DAMPER AND AXA LOCK
 I have been using this bike to transport 2 children, so it looks used.
 Ideal for the buyer who needs a reliable vehicle for everyday use.
