I can unlock app connect on the entire vag cars

Before we can tell you if it works or not

please send the picture of the software version.

- hold down the MENU button for 5 seconds.

- then click on the first row from the top:

SOFTWARE UPDATE or VERSION UPDATE

- at the top it should say MST2 or MHI2, take a picture and send to me.

Activation is for both android/iphone.

For iphone you need a stronger usb connector that doesn't always come from the factory (you can open the usb box , red is only for android , green is also working for iphone/android)
