Mazda 3 BK 2003-2009 Bluetooth/Carkit Module

Heb deze set uit eigen auto gehaald i v.m. een nieuwe auto.  
 Dit een een kit die je rechtstreeks aansluit op de fabrieks af autoradio. Waardoor je een bluetooth verbinding hebt met telefoon/tablet etc. Hiermee kan je muziek streamen over de auto speakers, ook handsfree bellen. Alles werkt ook gelijk via de stuur bediening.

Zie foto's bijlages voor de juist geschikte auto radios.

Vaste prijs  
 Alleen ophalen  
 Zo goed als

|                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |
