Ik verkoop mijn 2019 9 meter naish pivot, omdat ik inmiddels andere kites heb. Ik heb deze in 2020 nieuw aangeschaft, een heerlijke kite met een goede low end en prima high end.

Deze pivot staat bekend om het gebruiksgemak en de veelzijdigheid. De kite is altijd gedroogd na de sessies, heeft geen beschadigingen en kan nog prima meerdere seizoenen mee.

Kan eventueel weg met bijbehorende fusion bar tegen meerprijs.

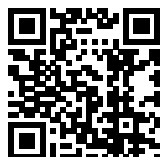

Kiteworld review summary:

The Pivot is a beast; well measured, well made and with unshakable hold whatever the wind. In lighter wind the Pivot really rewards all riders with above average doses of lift for even the most basic technique. Driving powerfully, the soft steering feel won't fatigue the inexperienced and yet will thrill experienced boosters as the wind builds and builds, when the Pivot becomes a machine best suited to stronger, more powerful riders. Kevin wins the King of the Air on this kite because the Pivot is capable of so much in lighter winds, but also just keeps on giving and giving in a battle of wills as the wind increases, resulting in the perfect match-up between rider and kite in that particular.
