

Black iPhone 11 (64GB) for sale (350 EUR)

Locatie **Groningen, Groningen**
<https://www.advertentiax.nl/x-1735820-z>

Selling our beloved black iPhone 11 as we've finally managed to upgrade our phones! Both my partner and I have used this phone on and off since 2020. The phone has minimal to no scratches as it's only been used with a case. There are some scratches on the display but the sensitivity of the screen is good as new. I'm very fond of it as it served its time well & is still working great so we decided to sell it to someone in need! The phone has also been factory reset like 2 days ago so it's ready for you! I'll write some general specs below, please DM if interested! :) Price is slightly negotiable so if you have something else in mind please do let me know.

Model: iPhone 11 (2020)
 Current iOS version: 16.4.1
 Capacity: 64GB
 Model number & serial number: upon request
 Battery health: 80%
 Carrier: not SIM locked so you can use this with any carrier
 Other: original box & charger (cable & plug)
 Pick-up: 9711NN or personal drop-off if your address is in Groningen city center.

We also have some cases that we would like to include in the total price of the phone, I can send you pictures of these if interested. If not, will sell separately, no issue!
