

Kicker versterker CXA660.5 Nieuw in doos

Locatie **Groningen, Zuidhorn**
<https://www.advertentiax.nl/x-1736155-z>

Versterker is nieuw in doos. Ik verkoop hem omdat ik toch afzie van het project om hem in te bouwen.

De versterker is nieuw minimaal 429,-

Een buitenkans om deze versterker met garantie en factuur voor de laagste prijs te krijgen!

Auto's worden compacter, er is steeds minder ruimte om versterkers te plaatsen. Kicker speelt hierop in met de CXA-serie. Niet alleen zijn deze versterkers compacter dan voorgaande series, maar ook is het mogelijk om de versterker, met meegeleverde beugels, verticaal op de bodem te monteren.

Dankzij de High Level input is het mogelijk om deze versterker direct op een af-fabriek radio aan te sluiten welke niet voorzien is van een versterker-uitgang. AutoSense zorgt ervoor dat de versterker dan inschakelt zodra de radio aan wordt gezet. Er hoeft dan dus geen remotekabel te worden aangesloten.

Uiteraard is de versterker ook voorzien van RCA-ingangen voor gebruik in systemen met versterker-uitgang.
