Hey! It was fun while it lasted but we have to part ways with our Mini from 1989. I'm only the second owner of the car. Originally delivered in the Netherlands, all proof is present. Mini has upgraded its 1.3 engine. A lot of maintenance is done by Little Car Company in 's-Hertogenbosch; invoices are present. The name, Arctic Mini, has clues in the last picture. Some other details:
 MOT till 2025 DecemberSolid body. However, spots of bubbling paint are appearing.New brakes front and back.Seats from Mini Sport, original present.Skid plate.Fog lightsRoof RackInvoices, Maintenance booklet, Original brochures
