

LG G7 (120 EUR)

Locatie **Overijssel, Enschede** https://www.advertentiex.nl/x-1742195-z

Experience the perfect blend of design, functionality, and Al-driven features with the LG G7 ThinQ. A phone that balances traditional design with modern tech.

Condition: The phone works correctly, but the case has had several knocks that have damaged its appearance. That is the reason for its low price. With a suitable case and a used protection screen you can give this phone a second life.

Key Highlights:

Display: Super Bright LCD, ensuring visibility even under direct sunlight.Performance: Features a robust chipset and has received an upgrade to Android 9 Pie.Al Capabilities: Comes with a dedicated Al button that activates Google Assistant. It offers far-field voice recognition for precise command understanding.Camera: Dual-lens Al camera that can auto-tune settings for enhanced photos, equipped with Super Bright Mode for low-light situations. The camera also boasts a wide-angle lens, capturing more of the scene in front of you.Front Camera: Upgraded 8MP front-facing camera for clearer selfies.Design: Elegant, risk-averse, and practical design. Not flashy, but smart.Other Features: Google Lens integration, robust cinematic video tools for 4K recording, and an all-day battery life.Condition: The phone operates perfectly. However, due to accidental drops, the casing has some damage (see pictures). This is reflected in the discounted price.
