

MacBook Pro 15-inch mid-2015 (400 EUR)

Locatie **Zuid-Holland, The Hague** https://www.advertentiex.nl/x-1746631-z

Selling because I have a new MacAir and monitor from work.

A used MacBook Pro. 15-inch screen, 256 GB memory, 16 GB Ram, 2.2 GHz Intel Core i7 processor; bought in the US in fall 2015. It traveled with me around the globe as I was writing my PhD and served me without any issue until this fall. The laptop is in great condition. In 2019 it was professionally cleaned, a new battery was installed by an authorized Apple retailer and the same year a new charging cable was bought in Italy. The computer has never suffered any damage (not dropped, no spills). Together with the laptop, cables, and plug adaptor you will get the laptop sleeve (see pictures).

You can pick it up from me in the Hague, Leiden, or.
