Sportex Carat GT-S Ultra Light Spinning Rod 8ft 0,6-9g.

The new Carat GT-S - a true high performer among modern spinning rods and a great addition to the Sportex rod line-up. With this brand new edition of the series, Sportex shows once again that their impeccable reputation in terms of rod building precedes them not without reason. Not only is the entire range technically impressive, but also in the composition of the individual models you can tell that it is practice-oriented anglers who are driving the brand's ideas.

Fast, modern and powerful - with these three concise keywords Sportex describes their new Carat GT-S series and as we find absolutely apt. The latest T1100 carbon fibers were used for the innovative Helicore Blanks. Special epoxy resin and special nano-materials make it an incredibly strong and at the same time light composite, which translates into even better loading properties and higher recovery speeds of the blanks. For the angler this means: even more precise casts, better distances even with lighter lures and more resonance when animating the lure. The sensitive tip maximizes the feel of the lure, every vibration and every fish contact is transmitted to the handpiece and your fingertips. This is also helped by the ergonomic 3K carbon split grips, which not only skillfully rounds off the modern look, but also allows these vibrations to pass through undamped. Of course, Sportex has not refrained from using only the very best materials in this rod series. These include K-style SIC guides and a D-hook eye from Seaguide, as well as a carbon DPS reel seat with FUJI hoods. An exceptional rod series for successful use on the water!

Ultra-fast blank with sensitive tip;Excellent lure control and bite detection;Helicore blank made of T1100 Carbon, special epoxy resin with nano particles;Seaguide SIC guides in K-style;Seaguide D-hook hook

eve: FUJI Carbon DPS reel seat: 3K Carbon split handle; 10 Years warranty on the blank; Transport length:
