

# Volkswagen Golf VII GTE 2015 VOL OPTIES (18.500, EUR)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-1760067-z>

Te koop:  
 Nette parelmoer witte Golf 7 GTE vol met opties

Panoramadak, Xenon, adaptieve verlichting, bochtverlichting, adaptive cruise control, Park pilot en Park assist, Lane assist, 360 parkeersensoren, elektrische stoel- (en lende-)verstelling, Carplay/Android auto en nog veel meer.

De auto is ook aan de VW app te koppelen. Daarmee kan je bijv. accustatus zien, of deuren en ramen gesloten zijn, de locatie van de auto zien en de auto voorverwarmen/-koelen.

De auto heb ik altijd bij de VW dealer onderhouden en de onderhoudsboekjes zijn aanwezig en up to date.

Accupakket geeft nog 45-47 km bereik aan bij volle lading.

Reden dat de auto weg mag is omdat ik een slag groter nodig heb. Anders zou ik nog lang genieten van deze sportieve en zuinige hatchback.

Auto heeft op 14-04-23 een beurt gehad, heeft APK tot 14-04-2024 en rijdt heerlijk. Altijd E5(98) getankt.

|                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |
