Functieomschrijving

What we expect of you

You understand that there is no time to lose when processing the products. The truck has to leave on

time, so everything has to be made ready for shipping. As an order picker, you collect the order through a pick list and you are responsible for the full accuracy of the order. You check if you are able to make the order ready for shipping. You will handle the loading and unloading of the truck. It is a fast-paced and sometimes a challenging job. You will handle all the orders and on time to the shipping

Functie-eisen

What we expect of you:

Preparatory secondary vocational education (VMBO) working- and thinking-level. Relevant work experience. Proficient in Dutch and English. Customer oriented. Flexible with changing work times
