 Slingshot Asylum 2014

The next generation 2014 Asylum delivers magnified flex performance through its premium Atomic Wood Core, aggressive pop and outstanding flex plus unmatched durability. The full wood core releases stored energy lightning-quick and more forcefully than ever through increased edging power while maintaining momentum on flat landings. Engineered to ride with or without fins, this board pops hard on ollies, whips for hard-core freestyle, slides right on rails and even boosts big off any wave. Our unique blend of precision laser cut channels combined with an intense rocker profile allows any riding style to excel on this board. The Chined Plane Rail combined with a progressive outline prevents spray by focusing the water down and away from the rider while providing smooth turns and maximum maneuverability. The 2014 Asylum offers a fast and snappy feel that's engineered to take your aggressive freestyle riding to the next level. Hand built in our U.S.A. factory, the Asylum features the highest-quality and greenest materials available.
