Allied Telesis AT-FS705-L Fast Ethernet Switch
Niet op de foto maar voedingskabel zit er natuurlijk gewoon bij. Onderstaand specs: AT-FS705L-xx
5-port 10/100TX unmanaged switch
with internal power supply

High Performance
Providing powerful 10/100 switching solutions for desktop and small network environments, the Allied Telesis AT-FS700 series of unmanaged switches features full auto-negotiating 10/100 ports. These ports enable the switches to detect the speed and duplex modes of attached devices, enabling them to automatically configure for the best possible performance. Flexibility Available as 5-, 8-, 16-, or 24-port models, the ATFS700 Series meets a multitude of power requirements with both internal and external power-supply options. Also, wall-, desk-, and rack-mounting options give users ultimate flexibility in selecting the model that meets

~~their physical deployment requirements. Simplified Installation~~

Only a few configurations of the 700 Series require a manual setup by the user. Auto-sensing ports and PoE seamless support make connecting to any of the existing 100Mbps Ethernet and 100Mbps Fast Ethernet UTP devices—and all hubs can be installed in minutes. Every AT-FS 700 Series model is equipped with MDI/MDIX ports for simple connection to other hubs and switches. Finally, easy-to-read front panel LEDs show on/off switch status and simplify.
