

## Supermicro Server (2x CPU, 256gb Ram, 12x10TB)

Locatie **Gelderland, Barneveld**  
<https://www.advertentiax.nl/x-1777452-z>

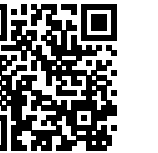

Te koop aangeboden:

Supermicro 2U server, voorzien van de volgende specificaties:

- 2x Intel Xeon Processor - E5-2630 V3 @ 2,4ghz
- Per processor 128gb werkgeheugen (8x 16GB)
- 12x 10TB Western Digital (hc510) / Supermicro 10TB Schijven (SAS)
- 2x Raid controller
- 1x Samsung QVC870 2TB SSD voor besturingssysteem
- Supermicro X10DRI moederbord

Geen installatie op de server aanwezig, klaar voor gebruik. Kan overgenomen worden met een factuur op naam (met)

|                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |
