TE KOOP ZGAN Freecom Network Storage Center 1TB.

The Freecom Network Storage Center is your ultimate central storage location within your computer network.  
 Reliable, high capacity and easy to install and use, this is the ideal drive for storing and accessing your data.

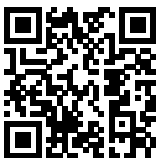

Connect it to your network router or switch and instantly increase your data storage space. You can set up user names and passwords and define access to specific folders on the drive. It can even be set up to be accessed from the internet - even when you are on the road, you will be able to access and work on the files that are stored on the Network Storage Center.

Network Drives used to be complicated devices difficult to install and manage. Not anymore! The Network Storage Center includes an easy to understand interface, which will make setting up this drive very easy, no advanced knowledge of computer networks required.
