The classic Harley Davidson Road King bike. Sadly I am not using it that much hence it is up for sale.

Mechanically it's spotless, has no issues and runs without a problem. Was purchased in 2018 from Harley Davidson Amsterdam, and until 2021 it was maintained under the Harley Davidson Warranty. Since then it was used for max 400km.

Low kilometers (11972) and perfectly maintained. All it needs is a bit of dusting off and it's good to go.

Due to sitting in a garage for a long time, battery might need replacing. It can start with a bit of help but with the cold weather here, it needs a new battery for daily use.

Exterior looks like new and needs no work.

Options:

- ABS
- Heated handles for those times when it's a bit cold outside
- Cruise control which is very usefull for those long highway rides.
- Dr. Jekyll & Mr. Hyde exhaust systems (Opens and closes a valve by pressing a button which changes the sound from a neighborhood friendly low noise bike into a monster of the highways).
- Side bags made of full natural leather. Nice storage space for your things

- Back rest for passenger making sure that everyone on the bike is comfortable and safe

- Assists with foot pegs

- Back rest for each one
