

## GSX-R GSXR600 750 K6-L0 2006-2010 Voorpoten Voorvork set (510 EUR)

Locatie **Noord-Brabant, Eindhoven**  
<https://www.advertentieX.nl/x-1796286-z>

Aangeboden een gerevisserde set GSX-R 750 K6-L0 2006-2010 voorpoten.

Voorpoten zijn voorzien van nieuwe chroom tube's ( made EU) + nieuwe seals en olie 5w service.

Ze passen ook in de GSX-R 600. De zwarte tubes zijn in een nette staat met natuurlijk wat kleine gebruikerssporen.

Deze 750 K8-L0 tubes zijn ook een ware upgrade voor de K6-7 en K8-L0 600 modellen . De voorpoten van de K8 750 hebben een high/low speed.

|                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |
