Babboe Groot.

Bought the bicycle second hand in 2022. The bicycle is not new with a total age of about 6-7 years, but it rides as it should.

No damage to the bicycle as such and has never been crashed or hit. Typical wear and tear that is to be expected.

Relatively new charger purchased 1 year ago from Babboe. The battery is sufficient for short trips. Range of 8-15 km in winter, depending on selected speed/load.

Sofas and cover were purchased new just under 2 years ago.

The bike is in need of a check-up when it comes to its breaks, but runs well.

- What's next:
- Inner bench seats + straps
 - Front and back (4 children)
 - Full black front cover the bicycle while you are standing outside.
 - Battery and charger
