MASTERBOX TD500 MESH / MESH WHITE
 Polygonal Mesh
 Crystalline Tempered Glass
 Triple ARGB Fans
 Dual 360mm Radiator Support
 Versatile Cooling Options
 Room For Upgrades AIRFLOW IN AN ART FORM

The MasterBox TD500 Mesh & MasterBox TD500 Mesh White embody "airflow performance" in an art form. Three pre-installed ARGB fans flood the system with airflow and lighting, demonstrating the unique effect of ARGB through the Crystalline Tempered Glass. Each element of design is precision-engineered to maximize performance & quality alongside aesthetics, evolving beyond the current limits of lighting and cooling. With advanced technology sculpted into fine art, the MasterBox TD500 Mesh & Mesh White carve their own path to the bleeding edge. POLYGONAL MESH
 Crafted from Cooler Master's Fine Mesh technology, Polygonal Mesh features a three-dimensional contour and simultaneously provides unobstructed airflow and dust filtration. CRYSTALLINE TEMPERED GLASS
 A crystalline design spans the edges of the tempered glass side panel, precision-engineered for strength as well as aesthetics, elevating how builds and system lighting interact with the design. ARGB/FAN HUB INCLUDED
 The included controller allows users to manage systems lighting independently from the hardware

configuration and provides the user with 4 additional fan headers in case of need. THREE CF120 ARGB FANS INCLUDED
 The included CF120 ARGB fans provide 20m³/h airflow, ensuring maximum performance and aesthetics. Even though the mesh case gains a reputation for being a "COLING" machine, it is not compromised. DUAL 360MM RADIATOR SUPPORT
 For enthusiast-grade cooling, two 360mm radiators are supported on the top and front panel to keep the most extreme systems cool. ROOM FOR UPGRADES
 Support for up to a 400mm graphics card, a 165mm CPU cooler and up to a 80mm PSU in length provides room for upgrades to stay ahead of the game.
