MASTERBOX TD500 MESH / MESH WHITE  
 Polygonal Mesh  
 Crystalline Tempered Glass  
 Triple ARGB Fans  
 Dual 360mm Radiator Support  
 Versatile Cooling Options  
 Room For Upgrades AIRFLOW IN AN ART FORM

The MasterBox TD500 Mesh & MasterBox TD500 Mesh White embody “airflow performance” in an art form. Three pre-installed ARGB fans flood the system with airflow and lighting, demonstrating the unique effect of ARGB through the Crystalline Tempered Glass. Each element of design is precision-engineered to maximize performance & quality alongside aesthetics, evolving beyond the current limits of lighting and cooling. With advanced technology sculpted into fine art, the MasterBox TD500 Mesh & Mesh White carve their own path to the bleeding edge. POLYGONAL MESH

Crafted from Cooler Master’s Fine Mesh technology, Polygonal Mesh features a three-dimensional contour and simultaneously provides unobstructed airflow and dust filtration. CRYSTALLINE TEMPERED GLASS

A crystalline design spans the edges of the tempered glass side panel, precision-engineered for strength as well as aesthetics, elevating how builds and system lighting interact with the design. ARGB/FAN HUB INCLUDED

The included controller allows users to manage systems lighting independently from the hardware

configuration and provides the user with 4 additional fan headers in case of need. THREE CF120 ARGB

Fans are included, providing a massive airflow, enhanced lighting performance, and a sleek aesthetic that will even the most discerning gamers adore. VERSATILE COOLING SUPPORT  
 Support for up to seven 120mm fans and 360mm front and bottom radiator support means that performance is not compromised. DUAL 360MM RADIATOR SUPPORT

For enthusiast-grade cooling, two 360mm radiators are supported on the top and front panel to keep the most extreme systems cool. ROOM FOR UPGRADES  
 Support for up to a 400mm graphics card, a 165mm CPU cooler, and up to a 80mm PSU in length provides room for upgrades to stay ahead of the game.
