

## Bench fitter

Locatie **Utrecht, Spakenburg**  
<https://www.advertentiax.nl/x-1801167-z>

As a bench fitter you are going to be part of a team who is a leading specialist in the maritime sector. They provide world-class quality and service in air conditioning, ventilation, central heating, refrigeration and mechanical ventilation, and have supplied over 10,000 vessels worldwide. The no-nonsense and entrepreneurial spirit of the employees who founded the family business in 1965 continues to pervade the company today. At the same time they are always thinking ahead of the curve and come up with genuinely innovative systems and solutions.

### Bedrijfsomschrijving

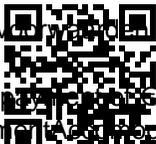

We have a different range of clients: from small to large, informal to formal. Together we determine what your needs are and ensure the right customer and go for the "perfect match". Are you the bench fitter we are looking for at Maintec? Don't wait any longer and apply!

### Functieomschrijving

The bench fitter autonomously produces light to middleweight constructions from sheet material, bar stock, profiles and pipes by using bench fitting and welding techniques. Makes correct use of (auxiliary) tools and protective equipment. Correctly programs and operates various machines such as sawing machines, drilling machines, punching machines, cut-off machines. Performs welding activities in several welding positions (PA to PG) with different types of welded joints. Performs activities such as welding and grinding and will produce complete and complex constructions.

### Functie-eisen
