Selling this 1982 Honda Goldwing GL1100 for parts or repair at a very low price. I bought the bike 6 months ago for parts. After using the parts that I needed the rest is not required and I need the space. It has a registration (license plate) and I want to sell everything as one lot. Maybe could be made into a custom or café racer.

Bike details:

Lots of loose parts (see photos).

No idea about the state of the engine starts and if it runs, so it is how you see it.

Tyres are reasonable.

Any questions please let me.
