## Inside:

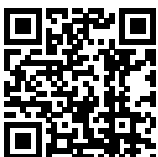

Spacious interior with back doors opening at 90 degree angle. Both front seats are fitted with air bags, come standard with fm radio and cd player, blue interior lighting, adjustable steering column, cloth material for the seats, seats both front and back are readjustable for transporting bulky items. Emergency spare wheel and kit also fitted

## General:

With its twin cam 16v engine, this car is ideal for city driving but also long distances reaching a maxspeed of 160 km/h. The size of the car makes it easy to park, both on the street and parking garages where space is limited. Fuel consumption is low, cost of maintenance on the car is low and affordable, weight taxes are low at 31 euros p/m.

All in all this car is reliable and affordable with a unique design that keeps people looking at it.

Sale of this car is due to relocation., so should you have questions please make contact if you are a serious.
