Schitterende telefoon met intel cpu. uiterst snel.
 Hij is helemaal nieuw. maar heb na een update dus bovenstaand scherm.

Nu heb ik gelezen op xda forum en andere sites dat is wel op te lossen is. maar ik heb er helemaal geen verstand van. misschien is het 5 minuten werk. dan heb je een mooie telefoon.

ik heb een nieuwe besteld omdat ik hem erg mooi vindt.

nieuwwaarde : 217 euro.
