I sell (very sadly) my Urban Arrow Family Active.
 I sell it because my two kids are now too big to carry them! It was my saviour for the last three years!!!
 The bakfiets is used but in perfectly working conditions.
 I just (25 January 2024) did the full service by Trappers in Leiden (invoice picture attached) and it is fully checked, the brakes were checked together with tires, electric parts, gears. The saddle was replaced.
 Included is the rain cover, very very usefull!
 The bike can perform with fully charge:
 - 80 km in eco mode,
 - 50-60 km in tour mode,
 - 40-50 km in sport mode,
 -35-40 km in turbo mode.
 It has a bit of rust here and there, but nothing that gives problems to the riding parts.

The bakfiets is located in Leiderdorp and can only be picked up. I can't transport.
