

# Garage box circa 24 m te huur inDe Lier. (325 EUR)

Locatie **Zuid-Holland, Rotterdam**  
<https://www.advertentiax.nl/x-1811205-z>

Een nieuwe garagebox Lierweg 22 A53, 2678 CW De Lier, ter grootte van in totaal circa 24 m<sup>2</sup>  
 In de buurt van Delft en Pijnacker

Pluspunten:

Automatische elektronische overheaddeur (afstandsbediening)

3 wandcontactdozen.

Ideale werkplek voor zzp'ers, hobbyisten, ambachtslieden en particulieren.

Project is ruim opgezet en heeft brede rijstraten.

Openbare toiletruimte aanwezig.

Project is overkapt dus droog laden en lossen!

Goede aansluiting op het rijkswegennet.

Aan de veiligheid is veel aandacht besteed met o.a. camerabeveiliging.

|                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |
