

# Dell T5810 E5-2540v4 10 core, 20 thread 32Gb RAM (270 EUR)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentieX.nl/x-1816750-z>

A fully working PC Dell T5810 Workstation:

Windows 10 license key

Powerful Xeon E5-2540v4 10 core, 20 thread CPU

32GB of ECC server memory in 4-channel mode

512Gb SSD

NVIDIA NVS 510 2Gb Graphics Card

685W Gold Plus Power Supply Unit certification

1Gbps max Ethernet speed

A powerful productive machine for performing work tasks.  
 It was used to virtualize Ubuntu servers.

In the last screenshot, you can see the stress test - full CPU and RAM load for 1.5

|                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |
