

## Audi RS6 4.0 TFSI Performance 605pk Keramisch Pano HUD 7 sit (62.500, EUR)

Locatie **Flevoland, Almere**  
<https://www.advertentieux.nl/x-1818114-z>

In nieuwstaat en origineel Audi RS6 Performance uit juni 2017. Zeer compleet met o.a. Keramische remmen, Carbon interieurdelen, RS schaalstoelen, 21" Performance wielen, LED matrix verlichting, etc. Recent dealer groot onderhoud gehad met nieuwe bougies en alle olie ververs!

Origineel af fabriek Performance versie met 605pk en Dynamic Plus begrensd op 305km.

Heb met onwijs veel plezier 3 jaar gereden. Altijd audi dealer onderhouden met aantoonbare facturen. Altijd met de hand gewassen. Lak is in nieuwstaat. Origineel lak en nooit gespoten. Altijd netjes warmgereden en afgekoeld. Nooit getuned geweest!!

Speciaal custom made inklapbare achterbank met goedgekeurde gordels voor 2 kinderen tot 1,35m in de kofferbak. Dit maakt deze RS6 een 5+2 sits!

Geen storingen en Geen schades. Enkel de bijrijders stoel schuifrail moet nagekeken worden. Elektrisch verstellen naar voren en achter gaat stroef. Stoel werkt verder prima!

De optielijst is zeer uitgebreid, denk o.a. aan;

- Capristo RVS kleppen uitlaatsysteem twv 7000!
- Ceramic brakes

- Carbon Upgrade
- Heat-treatment
- Cold-chamber forming
- Solid-chamber forming
- Deep-draw forming
- Heads up display

|                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                           |
