For sale is this wonderful car that served me very well.

Saab 9-3 1.8t from 2007 with LPG

The car allows you to travel very cheaply , being a car that you can use for commuting/long journeys at a very low fuel price, to give you an idea, with a full tank of LPG you can travel 500km in the context where the full tank is 30/35 euros .

From a mechanical point of view, the car runs exceptionally well , connoisseurs know that this engine, if it receives what it needs in time, can reach 1 million km curent ODO (322696)

Consumables of the best quality were used every time, I can show you the invoices.

Brembo discs and pads

Mobil 1 oil super 3000

bosch filtersspark plugs and original saab coils

4 new tires (all season W+S) purchased in December 2023.right anti-roll bar

Recently i've made MOT and is until 02-01-2025.

Aesthetically, the car looks good, however, it is a car from 2007 with 320k km.

As options, the car has the following:

Xenon headlights2 zone climate control Parking sensor (reverse ) Automatic wipersAutomatic pilotSeat heatingBluetooth for calls.Saab audio system with 9 speakers, sounds very good!

The car looks very good , you are invited to a test drive, the reason for selling this car is because I received a car from work and I am sorry to part with it, but I cannot know that the car is sitting for nothing

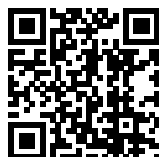

without be used for what it was designed for.

It is a car in easy to handle price, if you are interested, please contact me, not!
