

Lenovo Legion T7 (Intel i7 Geforce RTX 3080 32GB Ram) (1.700 EUR)

Locatie **Zuid-Holland, Rotterdam**
<https://www.advertentienx.nl/x-1820401-z>

I am selling what has been my workhorse for both hard gaming and general work with a rather heavy heart.

I bought this computer new June 2022 for more than €2.300 - its been standing in one spot from the start hence it looks like when i bought it.

I've been using this computer to play latest Battlefield's, Call of Duty / Warzone, Counter Strike, Fortnite, PubG, Leauge of Legends and Dota2 and it does so with ease.

Also running general programs for work is butter smooth and its always a thrill working from home with the speed and stability this computer offers, while also being able to pull the more heavy games when the freetime allows for it!

Specifications:

Processor

- Processor Intel Core i7
- Processor number 11700KF
- Processor cores Octa-Core (8)

- Clock speed 3,6 GHz

- Turbo boost 5 GHz

- Internal memory 16 GB

- Internal RAM 32 GB

- Expandable storage capacity up to 2 TB

- Memory composition 2x 16 GB

- Total number of RAM slots 4

- Memory slot 1 16 GB

- Memory slot 2 16 GB

- Memory slot 3 0 GB

- Memory slot 4 0 GB

- Memory slot 5 0 GB

- Memory slot 6 0 GB

- Memory slot 7 0 GB

- Memory slot 8 0 GB

- Memory slot 9 0 GB

- Memory slot 10 0 GB

- Memory slot 11 0 GB

- Memory slot 12 0 GB

-
- Memory slot 4 0 GB
 - Memory speed 3200 MHz
 - Memory type UDIMM DDR4

Storage capacity

- Total storage capacity 1 TB
- Storage type SSD
- SSD storage capacity 1 TB
- Number of SSDs 1
- Type of SSD M.2, NVMe, PCIe

Video card

- Video card NVIDIA GeForce RTX 3080
- Type of video card Dedicated
- Video card RAM10 GB
- Gaming video card NVIDIA GeForce RTX 3080

Connectors for your monitor/screen

- Total amount HDMI connectors desktop back 1
- Number of HDMI 2.1 ports desktop back 1
- Total number DisplayPorts desktop back 3
- Number of DisplayPorts 1.4 desktop back 3

Connectors back

- Total amount USB-A ports desktop back 7
- Amount USB-A 2.0 ports (480Mbps) desktop back 4
- Number of USB-A 3.1 ports (10Gbps) desktop back 1
- Amount USB-A 3.0 ports (5Gbps) desktop back 2
- Total amount USB-C ports desktop back 1
- Number of USB-C 3.1 connectors (10Gbps) desktop back 1 Network connector - Yes
- Ethernet speedGigabit Ethernet (1000Mbps)
- Number of Ethernet ports 1

Connectors front, side, top

- Total amount other USB-A ports desktop 4
- Number of other USB-A 2.0 ports (480Mbps) desktop 2
- Amount other USB-A 3.0 ports (5Gbps) desktop 2
- Total number of other headphone connectors desktop 1
- Total number of other microphone connectors desktop 1

Operating system

- Operating system Windows
- Windows OS version Windows 11 Home
- Operating system language Multiple languages ??can be configured

Wireless connections

- Built-in WiFi - Yes
- WiFi standards Wireless A (WiFi 2), Wireless AC (WiFi 5), Wireless AX (WiFi 6), Wireless B (WiFi 1), Wireless G (WiFi 3), Wireless N (WiFi 4)
- Bluetooth - Yes
- Bluetooth version 5.0

Optical drive / CD, DVD player

- Optical drive available - No

Usage

- Computer use - Internet, email, and text processing, Photo editing, Playing games, Video editing, Virtual reality
- Speed ??class High
