

## 2x HP DL360p Gen8 (250 EUR)

Locatie **Noord-Brabant, Maashees**  
<https://www.advertentiax.nl/x-1821644-z>

Hierbij bied ik 2x HP DL360p Gen8 aan.  
 Deze bevatten elk het volgende:

- 2x Intel Xeon E5 2630 2.3Ghz 6 cores / 12 treads - totaal 24 treads
- 152gb RAM
- HP Smart Array P420i raid kaart
- 3x drive caddies zonder schijven
- iLO 4 advanced licentie
- 4x 1Gbit poorten
- 2x 480 watt PSU
- Railkit

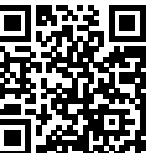

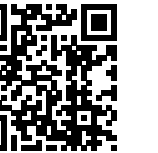

Deze servers komen uit een werkende omgeving.

Er kan een SD kaart of usb stick worden aangesloten aan de binnenzijde om hier VMware, Proxmox of een andere hypervisor op te zetten.

I.v.m. de aanwezige raid kaart kunnen diverse raid type worden ingezet. O.a. 0,1,5,6. Deze servers kunnen worden uitgerust met SAS of SATA schijven.

Mooie servers om te gebruiken voor een homelab of andere doeleinden.

De servers zijn per stuk te koop voor 250,- en samen voor 450,- met een goed  
 transportverzekering van.

|                                                                                                                                                                                                                  |                                                                                                                                                                                                                   |                                                                                                                                                                                                                   |                                                                                                                                                                                                                   |                                                                                                                                                                                                                    |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |
