

Quantity Surveyor for CSA

Locatie **Zeeland, Terneuzen**
<https://www.advertentiax.nl/x-1822446-z>

For our client in Antwerp we are hiring a Quantity Surveyor for CSA.

Bedrijfsomschrijving

Nouvall Engineering Services is specialized in project support for the (petro) chemical and maritime industry. We provide expertise in the field of Engineering, Project Management, Maintenance, Shutdowns, Construction and Safety.

Functieomschrijving

As the Quantity Surveyor for CSA, you will be responsible for overseeing all quantity surveying activities related to civil, structural, and architectural works. Your role will be pivotal in managing costs, ensuring the project stays within budget while maintaining the highest quality and efficiency standards.

- Manage and oversee quantity surveying for CSA works, including cost planning, estimation, and analysis.
- Collaborate closely with the EPCM contractor to monitor and control project expenditures and financial progress.

- Conduct site visits to evaluate work progress and future project requirements.
- Ensure compliance with contractual obligations and project specifications.
- Prepare and maintain accurate program of bills of materials reports to project management.
- Monitor and control project costs and compare against budget.
- Maintain detailed records of site activities, contract changes, and document control.
- Assist in the tender process, including preparation of bills of quantities and related documents.

Functie-eisen

- Bachelor's degree in Quantity Surveying, Construction Management, Engineering, or a related field.
- Proven experience in quantity surveying, particularly in civil, structural, and architectural works within the industry.
