Selling MacBook Pro 15 Mid 2014 MGXG2LL/A

16 Gb / 256GB  
 Battery 881 cycles

The bottom cover is worn, but there are no dents/chips from impacts/falls.  
 I used it carefully and did not overfill it.

Feature: in 2019, the top case with the screen assembly was replaced in the official Apple program due to the peeling top layer of the screen.  
 Therefore, the screen here is in perfect condition without a single scratch or keyboard fingerprints.

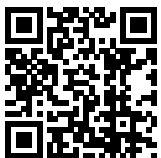

Cyrillic keyboard.
