

## Ipad pro 1 32 GB Zilver (130 EUR)

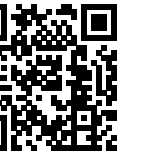

Locatie **Noord-Brabant, s-Hertogenbosch**  
<https://www.advertentiax.nl/x-1828244-z>

Een iPad Pro met 32 gb (2016). Model: A1673

Kleine glasschade in de rand van de iPad. Valt niet over het scherm zelf heen en valt eigenlijk alleen in vol zonlicht op.

Zit een stevig rubberhoesje bij. Al mist daar wel een beetje rubber van (beschermt nog).

|                                                                                                                                                                                                                             |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |                                                                                                                                                                                                                               |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                |
