

Senior Project Engineer

Locatie **Zeeland, Terneuzen**
<https://www.advertentiax.nl/x-1837699-z>

For a chemical multinational we are hiring a Senior Project Engineer

Bedrijfsomschrijving

Nouvall Engineering Services is specialized in project support for the (petro) chemical and maritime industry.
 We provide expertise in the field of Engineering, Project Management, Maintenance, Shutdowns, Construction and Safety.

Functieomschrijving

Leads the engineering activities for capital and expense projects through the Front End Loading, Detailed Design, Construction and Start up phases of the project cycles.
 Serves as a lead for the multi-discipline engineering effort for a capital project or as a Manufacturing Execution System (MES) Project Lead.
 Leads the engineering effort on intermediate or smaller large projects. Works on projects globally, including M&A and Divestitures, typically limited to single plant or business implementations and tend to be repeatable MET implementations and require fewer cross-functional resources and limited management of 3rd party contracts/POs.
 Requires expanded conceptual and practical knowledge in own job discipline and broadens capabilities.
