Amazing bike. We did a lot with it with 4 kids. Includes raincover PLUS, front bench, baggage carrier, regenhoes and bagagenet. The bike got a full maintenance service every six months since we purchased it. Last one was 2 weeks ago, and the placement of the new gearbox was 2 days ago, so the bike is really in mint condition. Rides as smooth as when we first got it. The back seat could also be included for a small extra.
