Are you looking for a nice, powerful, comfortable & large family SUV with 7 seats, then you are at right post. This is a well maintained car with mitsubishi dealer and has very less mileage of 43000(approx.) so as good as new. Recently I got the APK done and no issues identified, though this is 2015 model bit it is as good as new. I am the second owner from Jan 2022, then it got new Michelin all season tyres in Jan 2022, I had then (Dec 2021) got a technical inspection done from a third party and their report said it is as good as new. Which can be verified from the pictures, the interiors are well maintained & clean, no major wear & tear & no damage, the aircondition works absolutely fine, the hill assist works good, has eco mode for better fuel economy, driving is smooth but powerful and is NOT a PHEV so no risk of running with old battery.

It has got a scratch on the left rear passenger door in the parking lot & a small crack in the plastic body of left side mirror.

With a dealer you will get such a low mileage outlander in atleast 27-28k, this is a quite good price based on the current market. Let me know if you need more details or pictures, happy to share.

I am selling this because I am looking for a EV now. Please get in touch if you are a serious buyer & require a nice family SUV i good.
