Fully restored 1967 chevrolet chevelle super sport 502

This is a true 138 car and the definition of a muscle car and in the best configuration imaginable: a black over black with red listed tires.

The chevelle has undergone a full body off restauration and looks as it just came of the factory line, everything is pristine, the chrome, interior.

Body is raizer straight and has a showcar paint job and finish. Black is the most difficult color to have on a car, it shows everything.

The chevelle has driven 4315 miles since restauration.
 The engine has a brand new - mother of all - ZZ502 big block from Chevrolet performance with 8.2 liters. In stock configuration it pushes out 508Hp and 580lb torque, this engine is said to have around 560-580 hp after tuning & upgrades.

It will be the most fast and terrifying car you will ever drive, this is no joke and is all hands on deck with the manual 4 speed. The full amount of torque is immediately available and will spin your tires at 1500 rpm when wet.

Once you have mastered control over the gas pedal, you will discover it is a very comfortable cruiser on the highway, relaxed and comfortable and what's more, the 4 speed gears will be right at hand. The power is managed by the famous 4 speed manual gearbox, which is better with the power of a big block car. The manual 4 speed. Stopping power is managed by upgraded big disc brakes.

In the back there is a 12 bolt rear axle with Posi and 4.10 gears which makes it a rocket ship from 0-100.

This will be one of the finest Chevelle's in Europe and is priced to sell.
