Functieomschrijving

Are you a passionate and aspiring aviation enthusiast looking to kickstart your career in aircraft maintenance? Look no further! We are currently on the lookout for Junior B1/B2 Engineers at Maastricht Airport, The Netherlands. As a B1 or B2 Junior Engineer, you will play a crucial role in the maintenance and inspection of aircraft. Your responsibilities include:

- ?? Carry out maintenance and inspection of aircraft as per MOE and published procedures.
- ?? Ensure correct completion of paperwork and forms, adhering to Company MOE and procedures.
- ?? Keep the Base Maintenance Manager and Production Planners informed of requirements and issues.
- ?? Evaluate and estimate work cards, maintaining standard engineering practices.
- ?? Recommend improvements in working conditions, practices, and procedures.
