Hey everyone,

For sale is a Jama exhaust from my 1996 Honda Shadow VT1100 ACE.

The exhaust was on my motorcycle when I bought it in June 2023 and I removed the exhaust August 2023 to install an original exhaust.

The exhaust is working fine and the sound is amazing and loud.
 Please check out the pictures as they're part of the description.

I'm open for a trade for an original Honda Shadow VT1100 ACE exhaust or front wheel in good condition.
 A trade would be my preference, please send me pictures of what you have.

As always, no guarantees, no returns. What you see in the pictures is what you'll get.
