Dear Lincoln lover or soon to be,

While there is a beautiful similar town car being advertised on marktplaats, mine does not need much love and attention nor has bad rusty parts nor has it had accidents since I've had it in my possession.

The important / cool stuff that makes this Town Car different from others:

Signature Collection - Jack NicklausSpecial (rare) Jack Nicklaus fountain pen (like Mont Blanc) in wooden box that came with it originally (photo following tomorrow - it's in a safe place :-))Owner since 17-12-2020Less than 20.000 km in 3,5 year ownershipThousands of (preventive) maintenance at American garage expert (Benschop USA Cars Woerden)3000 Euros professionally built-in audio system + karaoke system (respectful to original build of the car)Rear camera at license plateLot of paperwork and original booklets EVERYTHING works (but climate control actuator needs replacing , just advised by garage last week)Original door code access card in possession2/3 sets of original keys and remotes

Important maintenance (all paperwork available) that has been done since I've had the car:

New tires - good conditionSpring coils newly done for back Left + RightTiming belt + tensioner + pulley (50 kms ago)New battery (less than 6 months ago)Water pump, timing belts, all filters, brake pads etc (12.500 km ago)Most window motors+regulators replacedRegular all-round checks (kleine beurten etc)

Audio (READ!)

I have a 1997 Ford Lincoln Town Car. It is a very nice car with a lot of features. I have a double door actuator in the trunk for the original car so you can take out the extra stuff if you want. (Technically you can take the karaoke, mix-panel, power converter and subwoofer out very easily, and I can take out the subwoofer and karaoke part of the car which will take 750 euros off the price. The rest of the audio system is an improvement and will remain. The only thing that needs to be done my garage told me is the bleed door actuator for the climate control system. This is about a day's work for you handy men among you. I have the part with the car. Please only come with money in your pocket, no driving will be done.
